restful sleep.
Whithread Ale as a beverage is unexcelled. The Whithread Stout contains more hops than the Ale and consumed by these in a run-down condition, and especially by women. Your local dealer can obtain Whithread for you, but be sure not to accept any substitute as the famous Whithread is entirely different from all other ales or stout, being matured in the bottle in England, and does not contain any artificial gas. Whithread is the largest house of its kind in the world. Established since 1742.
